Material

Inox AISI 316L
316L stainless steel

Profondità d'impiego
Depth of use

100 - 140 cm

Peso
Weight

26 kg

CONSUMO CALORICO

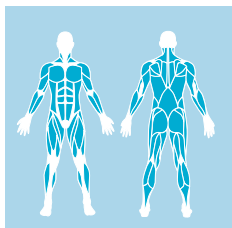

30' di lavoro
Intensità

200-300 calorie
medio-alta

BURNED CALORIES

30' workout
Intensity

200-300 calories
medium-high

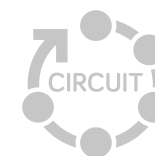

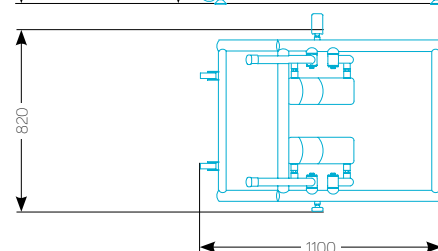

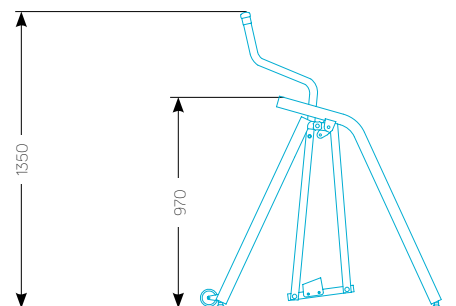

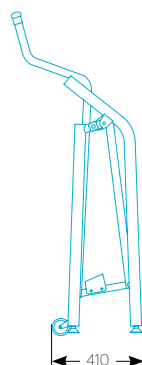

Attrezzo multifunzione, brevettato: riproduce un movimento ispirato al Nordic Walking, ma è una camminata (o una corsa) in condizioni di "antigravità".

- Permette di allenare contemporaneamente gambe e braccia.
- Efficace anche nell'impiego dei soli arti superiori, che possono accompagnare il movimento delle gambe o essere attivi nello sforzo.
- Su richiesta: versione con telaio nero verniciato.

Multifunctional equipment (patented): reproduces a form of walking or running in "antigravity", a movement inspired by Nordic Walking.

- Allows simultaneous training of legs and arms.
- Also effective in the use of only the upper limbs, which may accompany the movement of the legs or be active in the effort.
- On request: black painted frame.
